Improve reports: make dashboards exportables to PDF Collecting Feedback

At the moment it is not possible to export dashboards to PDF. This should be a core feature. A workaround to print the page to PDF results in the first page good but all other pages are .blank

Having this feature, including the export to .csv, would also be great with the Shared Link dashboards (including a scheduled report sent via email). If there could also be an option to .schedule a report and email either a .csv or .pdf file, that would also work great
