Action Code to add CCs to a ticket Collecting Feedback

RJ Ramirez, Javier •

اسم المنتدى: # Feature Request

Currently, DeskPro has the function of using action codes (hashtags) to set specific criteria for a ticket when you send it from an email replay to a ticket. With the action codes you are able to set #user, #assign, #follow, (#team, #label, and others. I want an option to add CCs to the ticket besides the requestor (#user
