Filter Order and Re-Order Collecting Feedback

- SH Steve, Lam Hang •
- اسم المنتدى: #Feature Request

I like the re-ordering of the "All Filters" list in Admin, but when I select the "Agent Filters" or "Team Filters" I cannot re-order the filter. For example, if I select the "Team Filters" and I want to re-order them, I cannot. I have to view "All Filters" in a very long list. It's difficult to find each one to re-order and move around. . Managing a smaller list compared to a larger list is more convenient
