

Changing the size of the navigation buttons

Deskpro Legacy - (1) تعليق - Lauren Cumming - 2023-08-31

Question

How do I change the size of the navigation buttons on the main homepage to the size of the ones on the new ticket form

Answer

.This is a simple change

Go to Admin > User Portal > Portal > Templates > home.html and replace **.nav_buttons_big** with **nav_buttons**

.Changes the buttons from the above to the below
