Deskpro Mobile App

[General](#) - (0) [تعليقات](#) - Lara Proud - 2023-08-24

.Deskpro's Mobile App is available on both iOS and Android

The app lets Agents view, manage and reply to tickets in real-time and on the go, which links directly to your .helpdesk

:Download the Deskpro app

[App Store](#) | [Google Play Store](#)

In addition, Users on mobile devices can submit tickets via email or by using the simple ticket form on your Help Center. You can also embed our ticket submission form into a mobile-optimized website
