?How do I change the logo on the agent login screen

Configuration - (.) تعليقات - Alexandra Mead - 2023-08-17

If you want to update the Logo that's visible on the login screen for your Agents in **Admin > Configuration > Branding**. In the section Agent Branding, you can update the Logo that appears on the login screen under the option **Logo**

.Hit **Save** to update your company logo

:This Logo will now be visible to your Agents when they log in to the helpdesk
