How to Download a Process Log

[Admin](#) - (0) [تعليقات](#) - David Pinto - 2023-08-29

Sometimes when troubleshooting a ticket query the Deskpro Support Team may ask for a Process Log from you. In order to access this file and send :this over to us, simply follow the steps below

Go to **Admin > Channels > Email > Outgoing Email/Incoming** .1
Email

Locate the email in question, using the Filter to limit certain criteria if .2
.needed

:Once you have found the email, click on the ticket area .3

2 minutes ago	205	✓	Ms. Emely Graham Jr. <kole.beatty...
7 hours ago	230	⊘	David Streich I <orpha.beer@mark...

After clicking on the ticket area, a sidebar will open. From there, you .4
can click on **Log**, and you should now see the **Process Log** (underneath
:the Raw Source), and the option to download the Log

Process Log

```
[2020-09-10 09:39:39 DEBUG] Marking source as proce
[2020-09-10 09:39:39 DEBUG] Executing Source 99
[2020-09-10 09:39:39 DEBUG] Attempt: 1
[2020-09-10 09:39:39 INFO] Retrying is off
[2020-09-10 09:39:39 DEBUG] Running processors
[2020-09-10 09:39:39 DEBUG] [Message] To: dev2@desk
[2020-09-10 09:39:39 DEBUG] From header priority: t
[2020-09-10 09:39:39 DEBUG] [Message] Using From: t
```

Download Log File

If there is not a Process Log available for the Ticket in question here, then
.please let the Support Agent know
