If entering your license code in the web interface has not worked, you can apply the code by adding this to the :end of your **config/advanced/config.settings.php** file in the directory where you installed Deskpro

```
SETTINGS['core.license'] = <<<LIC$  
AnUAFeddXWwELRgBQWV2OFgLfHYAegEXXyAjCkAfHCQZFh8hXQ  
Vz5WcDUTKh8XUwsALScONTghOB9wNQ47VQ41EEBCHIN9VSsZHx

gsJA8AMzQvAyEuNBhJPgZARR8RMXcrPi0bYlkoXixAL1MrHxBY  
;LIC
```

.Replace the lines between <<<LIC and LIC; with your license code. The above is a random example
