

The Navigation Panel

[How-to Videos](#) - [تعليقات \(٠\)](#) - Lara Proud - 2023-02-15

For each of the Deskpro components, the Navigation Panel is used to filter the items you are dealing with, whichever interface you're in. Take a quick look at our summary of the Navigation Panel to get a clearer idea of how the different filtering elements work.

:Introduction Video

Check out some of our suggested reading around the Navigation Panel to get a good idea of the different features.
