DeskPRO Build #195 Released

Deskpro Releases - (٠) تعليقات - Chris Padfield - 2012-11-29

We are pleased to announce a new release of the DeskPRO helpdesk platform, build #195.

The following is an automatically generated list of changes in this release:

- Prevent error from page caching before installing when config.php exists and points to an existing database with no DeskPRO data in it.

If you are using the cloud version of DeskPRO, your account will have already been updated or will be updated within the next 24-48 hours.

If you are using DeskPRO download, you can update your installation from the admin interface.
