## Integrate your Xero account with Deskpro

([Product \(Admin\)](#) - (0) [تعليقات](#) - Lara Proud - 2023-02-21

We are thrilled to announce the release of our latest Deskpro app, [Xero](#). This integration offers seamless connectivity between your Xero contacts and Deskpro users, providing your agents with access to relevant information related to the contacts in Xero from the helpdesk.

With this integration, agents can view key information about your contact's invoices and bills, as well as any notes that have been added to their Xero profile. The best part is, they can do this all without leaving their Deskpro interface. This enhanced visibility empowers agents to respond to user inquiries more efficiently and with full context.

The screenshot displays the Deskpro Xero app interface, divided into two main sections. The left section shows the contact profile for 'Example Solutions Inc', including the primary person (Sarah Peterson) and email (sarah@example.io). Below this, it lists two invoices: 'IV-0003' (Reference: 458485668, Status: Paid, Due: £3,000.00) and 'CN-0004' (Reference: 458485775, Status: Authorized, Due: £50,000.00). At the bottom, it shows two bills: 'CI-0008' (Reference: 458485554, Status: Awaiting Payment). The right section displays a detailed view of invoice 'IV-0003', showing a table of items: 'Tech Equipment' (REL9885210) with a quantity of 2, a 5% discount, and a 20% tax rate, totaling 1,500.00 GBP. A subtotal of 3,000.00 GBP is shown, followed by a total VAT of 600.00 GBP, resulting in a total of 3,600.00 GBP. The payment status is 'Paid', and the amount due is 3,600.00 GBP. The recipient is Sarah Peterson.

With the Deskpro Xero app, you can streamline your helpdesk operations and boost your agents' productivity. We can't wait to see how it transforms your workflow.

We're continuously working on building new features that will enhance the Deskpro Xero app's capabilities. In the coming weeks, you can expect to see additional functionality, including the ability to view more details about contacts, invoices, bills, purchase orders, payments, and notes.
