Assigning tickets to agents and teams is a core part of DeskPRO helpdesk workflow. We're always working to make the agent interface faster and easier to use, and we've found a way to make assignment that little bit quicker.

We realised that the agent you assign tickets to the most is probably *yourself*, so we added a one-click **Assign to Me** link.

.We've also added one-click links to **assign a ticket to your team** or **add yourself as a follower**

.It's one of the little touches that adds up to make our slick, modern interface a pleasure to use
