

Refine Ticket Search with a powerful new filtering sidebar

(Product (Agent - (.) تعليقات - Lara Proud - 2022-08-30

We have built a 'Refine Search' filter bar in the Agent interface to enhance the functionality of the Ticket Search feature, which helps you to locate a specific ticket in the helpdesk. This advanced filtering ability will allow Agents to refine searches even further to perform highly .specific ticket searches

:These are the filters you can now refine a Search by, or perform a Search against

Search: Ticket Author, Date Written, and Message Type •

Ticket Subject •

Attachment: File Name, File Content, and File Type •

Ticket Properties: Assigned Agent, Ticket Owner, and Labels •
