

## I'm having trouble receiving notification emails when I create a ticket

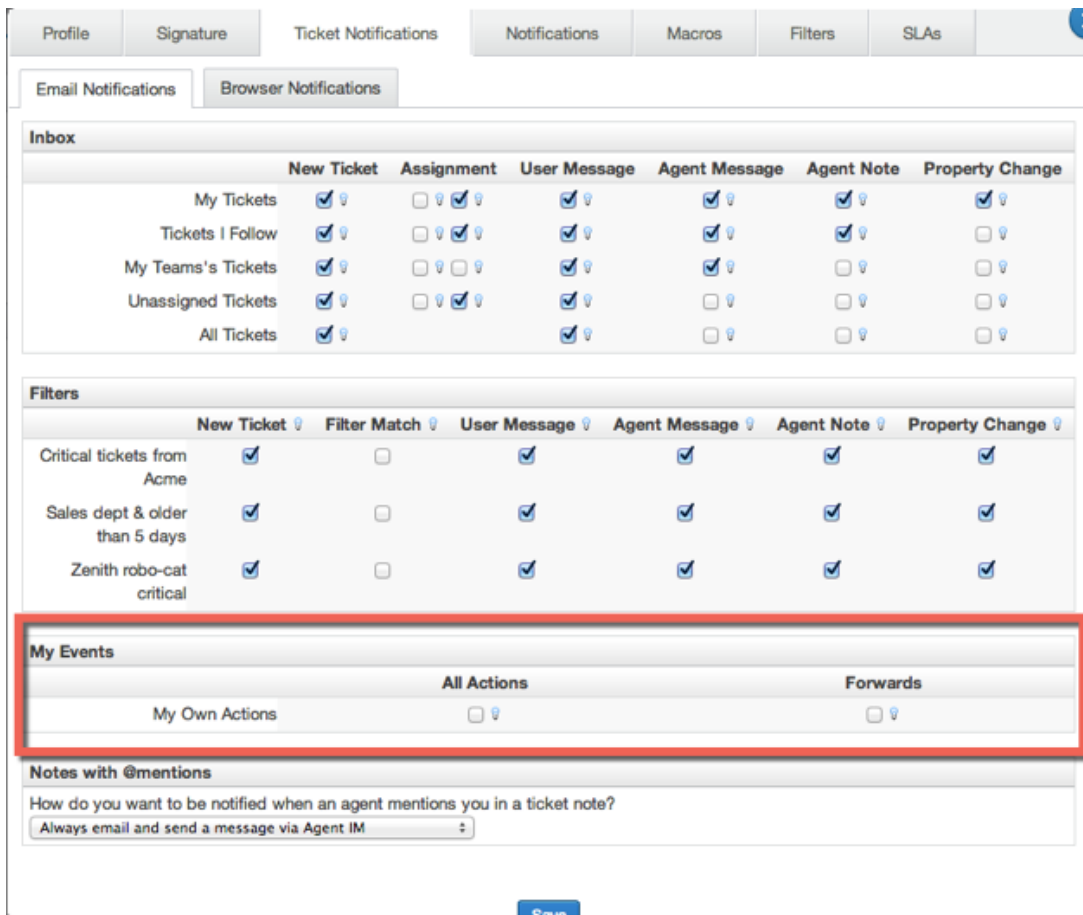

Ben Henley - 2018-03-13 - Коментари (0) - Using Deskpro

### Question:

I'm trying to test email notifications. I make myself a test ticket and I don't get an email. Other automatic emails seem to be working. What's wrong?

### Answer:

By default, you don't get notifications about your own actions on tickets, including creating them.

The screenshot shows the 'Ticket Notifications' settings page in Deskpro. The page is divided into several sections: 'Inbox', 'Filters', 'My Events', and 'Notes with @mentions'. The 'My Events' section is highlighted with a red box and contains the following settings:

	All Actions	Forwards
My Own Actions	<input type="checkbox"/>	<input type="checkbox"/>

The 'Inbox' section shows notification preferences for various ticket categories:

	New Ticket	Assignment	User Message	Agent Message	Agent Note	Property Change
My Tickets	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Tickets I Follow	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
My Teams's Tickets	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Unassigned Tickets	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
All Tickets	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

The 'Filters' section shows notification preferences for specific filters:

	New Ticket	Filter Match	User Message	Agent Message	Agent Note	Property Change
Critical tickets from Acme	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Sales dept & older than 5 days	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Zenith robo-cat critical	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

The 'Notes with @mentions' section has a dropdown menu set to 'Always email and send a message via Agent IM'. A 'Save' button is located at the bottom of the page.

If you want to enable email notifications for your own actions, go to your **Preferences** at the top left of the agent interface, and change the **My Own Actions** settings under **Email Notifications**.
