Repeating Task or Ticket Collecting Feedback

- Errol
- **Forum name:** #Suggestion

I want my team to do a certain task every hour (specifically at night).

It would be useful to create a repeating task, or an automatic new ticket that will remind them every hour to do the task, and then they can update the task or ticket to show that they did it?

+1 - This could be useful for asset maintenance / auditing schedules etc.

+1 we want something like this to. But then every 24 hours for some back-up jobs.. to see if we have the right rapport (email).
