

Annual billing for Cloud

Ben Henley - 2022-06-13 - Comments (0) - Payment & Renewals

Question:

I want to use your Cloud service, but I prefer annual billing instead of monthly payments. Is that possible?

Answer:

Yes, all cloud customers can choose between annual and monthly billing.

If you want to add more agents part way through the billing cycle, you just need to pay an adjusted pro rata fee.

You can choose your billing cycle when setting up the billing on your account within the **Billing** section of your cloud account/trial.
