## import from Kayako case / fusion on-demand helpdesk Finished

- Joseph Chua
- **Navn på forum:** #Feature Request

Hi  
  
As you know Kayako is one of the more well known help-desk system and many of your potential customer is using Kayako. If you have the tools to import from Kayako it will definitely help to gain more switch over.

I am wondering the same, we have been using Kayako for a couple of years now, and we are looking for a new helpdesk system to move too.
