How do I install the chat widget in Magento?

1. Sign into your Magento account as an administrator.
2. Head to the "**Content**" section on the left hand side navigation menu. Then click on "**Configuration**".

3. Find the current theme row (on a fresh installation it is applied as "Default Store View") and click "**Edit Link**".

4. Copy and paste the chat widget code from Deskpro under **Admin > Chat > Site Widget & Chat**.

5. In "**Other Settings**", find "**HTML Head**" tab. Then find "**Scripts and Style sheets**" text input. Copy and paste the widget code here and press Save.

6. Don't forget to refresh your caches (Magento will remind you about that!)
