## **On-Premise**

You can generate your own Deskpro On-Premise invoice easily by visiting the <u>Buy License</u> link on our website. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

## Cloud

Cloud invoices can be raised from the Billing area of your Cloud trial. You can access the Billing area through the \$ icon on the Navigation Bar, indicated below. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.
