If you want to keep up with any changes in Deskpro we have a number of different ways you can follow along.

Release Announcements

We release upgrades to Deskpro every week and publish News Posts that detail the product changelog including any new features, improvements, and bug fixes.

You can subscribe to receive Deskpro News, or subscribe to individual categories depending on what updates you want to receive! Just got to the News page, or the relevant category and hit the **Subscribe** button.

Here are some quick links to each area:
