## **Deskpro On-Premise Controller Release 2.14.2**

2024-02-28 - Lara Proud - Kommentare (0) - Deskpro Releases

We're pleased to share the latest release of Deskpro's On-Premise Controller, version 2.14.2. This update includes some bug fixes to improve the OPC's functionality.

## **Bug Fixes**

- $\hfill \square$  Ensure disk space checks report space issues on correct paths (SC 143683).
- $\hfill \Box$  Ensure that domains added to the OPC and instances do not contain paths (SC 143110).
