Dynamic dropdown custom ticket fields Collecting Feedback

- AS Ahmad Sahrizal
- **Όνομα φόρουμ:** #Feature Request

We would like the ability to have dynamic dropdown fields when creating a custom ticket field. For instance, if field1 is country and the field2 is state, if we choose country A then the field2 only displays the state below country A.

Nested custom fields is quite an old concept. A Desk I used for 16 years has i. Never guessed Deskpro didn't.
