### On-Premise

You can generate your own Deskpro On-Premise invoice easily by visiting the [Buy License](#) link on our website. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

### Cloud

Cloud invoices can be raised from the Billing area of your Cloud trial. You can access the Billing area through the \$ icon on the Navigation Bar, indicated below. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

The screenshot shows the Deskpro Billing interface. On the left is a navigation bar with a \$ icon highlighted. The sidebar contains 'Billing', 'Dashboard', 'Invoices', and 'Payment Methods'. The main content area is titled 'Buy Deskpro / Create Quote'. It features a notification: 'Billing will be applied on Jun 24, 2022 after your trial ends (in 11 days)'. Below this is the 'Agent Seats' section, which asks the user to 'Enter the number of agent seats you wish to purchase now.' A dropdown menu is set to '10', and a slider below it ranges from 3 to 1000. At the bottom of the section is a 'Continue' button.
