Deskpro 2019.4.1 Release

2019-05-07 - Christopher Nadeau - $\underline{\text{Comments }(0)}$ - $\underline{\text{Deskpro Releases}}$

We are happy to announce the release of Deskpro version 2019.4.1.

This is a minor release implementing client-side performance improvements, including a fix for "typing lag" experienced by some customers while using the agent interface.
