Additional total times in DPQL Collecting Feedback

- JT Joshua Thompson
- Forum name: #Feature Request

Currently in DPQL there are 4 total time options in the tickets table:

 $total_to_first_reply$

 $total_user_waiting$

 $tickets.total_to_first_reply_wh$

 $tickets.total_user_waiting_wh$

It would be helpful if there were more options here.

Specifically a total time the ticket is in the pending status would be particularly useful.
