Display Build # Finished

- AD Aren Dowden
- **Forum name:** #Feature Request

It would be helpful if the Build number was displayed in the Admin portal for cloud accounts. This would enable administrators to verify that fixes are working without needing to contact deskpro support.

Thanks for your feedback! The DeskPRO Helpdesk is constantly evolving, and we love collaborating with you to develop and grow our product into one that works for you. Whilst we think about where this could fit with our development, other Users can contribute and agree with your Feedback - the more, the merrier! The more we feel it will benefit a number of Users, the more likely it is we will work on the feature!
