How do I change the logo on the agent login screen?

Alexandra Mead - 2023-08-17 - [Comments \(0\)](#) - [Configuration](#)

If you want to update the Logo that's visible on the login screen for your Agents in **Admin > Configuration > Branding**. In the section Agent Branding, you can update the Logo that appears on the login screen under the option **Logo**.

The screenshot shows the Deskpro Admin interface. On the left is a sidebar with navigation links: OVERVIEW, CONFIGURATION (expanded), CHANNELS, AGENTS, HELP CENTER, TICKET STRUCTURE, FEATURES, BUSINESS RULES, CRM, APPS & INTEGRATIONS, and DATA. Under CONFIGURATION, the 'Branding' option is selected. The main content area is titled 'Branding' and includes a sub-header: 'Brands allow you to provide support for multiple brands through one helpdesk. Each brand has its own customer facing Help Center you can customize.' Below this are three tabs: 'Help Center Configuration' (active), 'Messenger Setup', and 'User Registration'. The 'Agent Branding' section is visible, containing the following fields:

- Helpdesk name:** A text input field containing '221 B Helpdesk'.
- Favicon:** A field with a small icon and a 'Change file' button.
- Logo:** A field with a 'Choose a file' button and a 'Drag and drop' option. This field is highlighted with a red box.
- Avatar:** A field with a small icon and a 'Change file' button.
- Helpdesk URL:** A dropdown menu showing 'https://221benergy.deskpro.com/'.

Hit **Save** to update your company logo.

This Logo will now be visible to your Agents when they log in to the helpdesk:
