

How long are outgoing emails retained for in cloud accounts?

Benedict Sycamore - 2022-02-10 - Comments (0) - Using Deskpro

In order to keep Deskpro running smoothly and securely across cloud accounts, we have rules for how long we retain outgoing email logs.

Outgoing email logs can be viewed in **Admin > Channels > Email > Outgoing Log**

The screenshot shows the 'Outgoing Email Logs' page in the Deskpro Admin interface. The page has a left-hand navigation menu with categories like Overview, Configuration, Channels, Agents, Help Center, Ticket Structure, Features, Business Rules, CSM, Apps & Integrations, and Data. The main content area displays a table of outgoing email logs. The table has columns for Date Created, Email ID, Status, From, To, Subject, and Ticket. The logs are sorted by Date Created in descending order. The table shows 15 rows of data, with the first row having a date of 'about 3 hours' and a ticket ID of 54. The last row has a date of '27 days' and a ticket ID of 49. The table also includes a search bar, a filter dropdown, and a 'Sort' button. The bottom right corner of the table shows 'Rows per page: 100' and '1-28 of 28'.
