New Chat Widget colors available

2017-05-30 - Zara Marchesi - [Comments \(0\)](#) - [Product](#)

You can now set colors for the Chat Widget itself, allowing you to customize this feature even more!

How do I set the color?

Simply go into Admin > Chat > Site Widget & Chat, and customize your colors!

The screenshot displays the 'Site Widget & Chat' configuration interface. On the left, the 'Button settings' section is expanded, showing options for 'Label' (set to 'Click for help'), 'Size' (set to 'Medium'), and 'Colors'. The 'Colors' section includes a 'Background color' picker with a color wheel and a text input field containing '#e60300'. A black arrow points from the color picker to the chat widget preview on the right. The preview shows a chat window with a blue header, a search bar, and a red 'Click for help' button. The chat window also displays a 'Sample question' and a 'Sample answer'.
