

<u>Help Center</u> > <u>Community</u> > <u>Feature Request</u> > <u>Reporting on problems and incidents</u> Reporting on problems and incidents Collecting Feedback

- Tina Soltani
- Forum name: #Feature Request

We are using your "Problems and incidents" feature for a while now and we wanted to get reports of the numbers of incidents/tickets and problems by time, but I couldn't find anything about it in DeskPRO Reports Interface Documentation or in your online guide and support pages and I'm unable to generate any custom report for this.
