2013-03-21 - Chris Padfield - Comment (1) - Product

New keyboard shortcuts are available on the ticket tab to allow you to perform common tasks even faster.

alt+r: Sends your reply

alt+s: Opens the snippets directory

alt+o: Opens the reply actions menu

alt+u: Sets the reply action to Awaiting User

alt+a: Sets the reply action to Awaiting Agent

alt+d: Sets the reply action to Resolved

Note: For Mac users, use `ctrl` instead of `alt`.

View all of the keyboard shortcuts by clicking the agent preferences in the top-right of the window, and opening up 'Help'.

Ctrl+shift+C starts on Chrome developer tools - console, however I would like to close the current ticket (tab) by some shortcut. Can shortcut for closing ticket/tab be changed, so users can use it in Chrome?
