## How do I set up a new user registration form?

Manu Marquez - 2023-09-08 - Comentarios (0) - Ticket Structure

Some organizations need new users to complete a form to provide information, agree to network policies, etc.

This article explains how you can implement this in Deskpro so that users can submit a ticket form and all the information is added directly to their profiles. We'll also demonstrate how to embed a form to collect information from new users.

9	Deskpro ~	≡ -		» ⊡ છ <sup>9</sup> 4 <sup>0</sup> ⊂
$\odot$	CONFIGURATION	User Fields	Help	
8	CHANNELS	User fields are an easy way to record information about users. You can choose which fields an	added to the user registration and new ticket forms.	
R	AGENTS			
ø	HELP CENTER			
•	TICKET STRUCTURE	Q Search Tilter		<ul> <li>\$ Sort</li> <li>\$ Group</li> <li>\$ View</li> <li>+ New</li> </ul>

1. Go to **Admin > CRM > Fields > User Fields**. Click "New" to create a new Custom Field.

Choose a field from the list provided, and click **Configure Field**. For this example, we are going to use a toggle to record that the user agreed to your network policy.

		×
	Add: New Field	
e Help on and new ticket forms.	<ul> <li>Single-line Text</li> <li>A single-line input box that the user can type into.</li> </ul>	
	O Number	
	Allows users to enter a numeric value.	
	Multi-line Text	
	A multi-line input box that the user can type into.	
	<ul> <li>Select Field</li> <li>Present predefined options to user as a drop-down, radio button or checkbox menu.</li> </ul>	
Field Type	Toggle	
Select Field	This field displays as a single checkbox.	
Select Field	<ul> <li>Date</li> <li>Date Field lets user select a date using the calendar widget.</li> </ul>	
Date	Date & Time	
Date & Time	Date & Time field lets user select a date & time using the calendar widget.	
Multi-line Text	Display	
Toggle	This field does not take input, instead displays the HTML entered by you the administrator.	
Currency	<ul> <li>Hidden</li> <li>This is a hidden field in the new-ticket form with no visible UI for a user to interact with. The value can come from a cookie or a query string parameter, or you can use custom Javascript in your templates to set the field dynamically. The field is still editable in the agent interface via a text box.</li> <li>URL</li> </ul>	
	Configure Field	

During the field configuration, you will be able to set up Title, Description, and User Validation amongst other values.

	Add: New Field	×
2	Field type	
	Toggle	
	Title*	
	I agree to your Network Policy	
	Enabled	
	Agent only field Hide field from users, only agents will be able to see and edit this field.	
	Description	
Туре	By checking this box, you agree to abide by <a href="https://example.com/policy"&gt;Acme Corp's Network Policy</a 	
:t Field	Reference Alias 💿	
:t Field		
	Enabled display Label	
& Time	Disable display Label	
i-line Text	Enabled by default	
le	User validation	
	Require user to provide value 👻	
ency	Agent Validation	
	No agent validation 📼	
	Create	

2. Go to **Admin > Ticket Structure > Departments** and create a new department called New Users.

3. In the Form tab, select Custom Form Editor.

4. Click on the **+ Field** button to add your newly created Toggle field — type the name of your field to find it in the provided list:

		Form	Website Embed				
Form						2	
Custom Form B	Editor			-	v	2	
This is a custom to this layout will			this department. Any	changes you ma	ike		
User Form A	gent Form						
:: User Name	e & Email (Single	-line Text)					
II Departme	nt (Select Field)						
:: Subject (S	Single-line Text)						
II Message	(Multi-line Text)						
🔢 Attachme	nts						
Q I agree User Fields		×					
	Network Policy	×					
User Fields	Network Policy	×					
User Fields	Network Policy	×					
User Fields	Network Policy	×					
User Fields	Network Policy	×					
User Fields	Network Policy	×					
User Fields	Network Policy	×					
User Fields	Network Policy	×					

5. To make it easy for users to find the form, you can embed it on its own page on your website/intranet. Select the **Website Embed** tab, and add the code to your site.

## Add: New Ticket Department

Information Permissions Form Website Embed	
Website Embeds are code snippets you can copy directly into your website to quick add a Deskpro contact form to any page.	ly

Create	Canc

6. You could set up a trigger so that, if users haven't agreed to the network policy when submitting a ticket to any other department than "New Users", they get an automatic email reminder to fill in the new user form. You'll need to create a new email template for this reminder.

Vhen	the following con	ditions are met:	1
	Department	✓ is not	
And	I agree to you	ur Network Policy 👻 Is not set	,
Or	when the followin	ng conditions are met:	1
