We have simplified creating user profiles

2023-05-15 - Lara Proud - [Comentarios \(0\)](#) - [Product \(Agent\)](#)

We have made it easier to create a new User profile via the **+ New** button by removing the required contact information fields.

By removing these fields, we have enabled you to create Users with no specific contact details, so you can add as much or as little information as needed to their profile.

The screenshot shows a 'New User' form with the following fields and sections:

- Header:** 'New' button and 'New User' tab.
- Name Field:** 'Add Name*' with a red asterisk and a '+ Add' button.
- Contact Information:** Section with a '+' icon, containing 'Add Email' and 'Add Phone' buttons, and a 'Label: Add' field.
- Organization:** Section with a '+' icon and an 'Add Organization' button.
- Properties:** Section containing:
 - 'UTC (GMT+0)' and 'Language' dropdowns.
 - 'Brand' set to 'Default'.
 - 'Usergroup' set to 'Registered'.
 - 'Send welcome email' checkbox.
- Buttons:** 'Create' and 'Cancel' buttons at the bottom.

The purpose of this is to make it more convenient to quickly create a User in the helpdesk, even if you aren't currently aware of all their information. Which enables you to update their profile later or fill in additional details about them as it becomes available.
