We have updated the design for ticket views in the helpdesk

2022-11-01 - Lara Proud - [Comentarios \(0\)](#) - [Product \(Agent\)](#)

We have updated the behavior and design of ticket lists in the helpdesk.

In Table View we added the ability to preserve per queue, column width of the table and any fields you have applied. We have also added a gray background behind the ticket list to increase the contrast and enhance ticket visibility.

Additionally, we have added an open ticket state, which is signified by a blue colored ticket, as seen below. This change will apply to both **Table View** and **Card View** by adding a blue indicator to tickets you have open in a tab.

In **Table View**, it will look like this:

ID	Subject	User	Agent	Last Reply
262	Agatha Bardle <agathabardle@example.com>	Agatha Bardle <agathabardle@example.com>	Lara Proud	2 wks
260	Call from +447969236608	+447969236608	Lara Proud	2 wks

149	Password Reset	Hannah Scott <hannah.scott@deskpro.com>	Lara Proud	5 mos

In **Card View**, the indicator state will look like this:

The screenshot displays a customer support interface. On the left, a sidebar contains navigation icons and a list of tickets. The main area shows a detailed view of a ticket titled "Change payment information". The ticket history shows a call from +447969236608, followed by an email from Agatha Bardle. An agent note from James Moriarty provides a link to a guide for updating billing information. The right-hand panel shows customer details for Agatha Bardle, including contact information, organization (Energy.io), and a list of open tickets.

These updates will make it easier for you to locate the tickets in a list that you already have open when navigating your ticket queues and other lists of tickets across the interface, as well as boosting overall visibility in the helpdesk
