Hiding Inactive users and organizations Collecting Feedback

Earene Lee •

**Forum name:** #Feature Request •

.It would be helpful if it was possible to hide inactive users and organisations in Deskpro

We'd like to be able to stop old users/orgs coming up in searches/adding users to tickets etc

.without having to delete them from the system completely

Yes, this would be also needed in the mobile application as well. I mean regarding the deleted

.agents. They are in all of the lists however they are already deleted
