

<u>Feature Request</u> > <u>More granular permissions for JIRA</u> < <u>انتقادات و بیشنهادات > Help Center</u> <u>integration</u> More granular permissions for JIRA integration Collecting Feedback

.Michael W • Forum name: #Feature Request •

Right now I can only give permission to the JIRA integration as a whole. It would be nice to allow viewing of the side pane and it's issues to everyone, but restrict who can create or link .(issues or make/push comments to jira (just like with the problems & incidents functionality
