When adding a link in the Text Editor in Guides, there doesn't seem to be an option to be able
(to open the link in a new tab (just the same as the option given in the Knowledgebase

A screenshot of the Deskpro text editor interface. At the top, there is a search bar with a magnifying glass icon and a dropdown arrow. Below the search bar is a text input field labeled "URL" with a blue underline. Underneath the URL field is a "Text" field containing the text "Formpipe Support". At the bottom of the form, there is a checkbox labeled "Open in new tab" which is checked, and a blue "Update" button to its right. The "Open in new tab" checkbox is highlighted with a red rectangular border.
