The ability to sort tickets by subject

(Comments (2

Darren Banfi

6 ماه پیش

Indeed - This would be great to have, you can sort by nearly every other field apart from Subject.

I had automated tickets come in with [COMPUTER-NAME] - needs xxxx - these come in daily - so over a weekend I get two the same, sorting by subject would let me merge them quickly

Love this one too!

!Everything little thing helps to manage the tickets
