

## ?Can I see the Deskpro source code

Ben Henley - 2017-11-09 - Comment (1) - Deskpro Legacy

.The full PHP source code for Deskpro is available to download [here](#)

A Deskpro On-Premise license gives you the right to modify and customise the source code of your installation. See section 3 of our [license agreement](#) for the details. You are not .allowed to distribute the modified source code

.We'd love to hear about any fixes or improvements you make at [support@deskpro.com](mailto:support@deskpro.com)
