

Deskpro API usage examples

Ben Henley - 2023-08-29 - Comment (1) - Deskpro Legacy

.There are examples of using the Deskpro API and [PHP SDK](#) in our GitHub repository

.[Basic usage examples](#) are included in the SDK

.This is an [example of using the Deskpro API to submit tickets from an HTML form](#)

.This example code shows [how to download all tickets and convert them to PDFs](#)
