If you would like to hide the Upload Picture option from the Account page on the Help Center, follow the steps below

.Go to **Admin > Help Center > Help Center Design** .1

Click on the Open Template Editor button under the Template Editor header .2

Open the **User/register.html** in the [Template Editor](#) by opening the **Template** .3
.dropdown, hovering over **Portal**, and then clicking on **User/profile.html**

.You will need to remove the section of HTML that loads the 'Upload Picture' button .4

The section that needs to be removed is between lines 60 - 65, as you can see
.below

Save the template change at the bottom of the template editor. This will now remove .5
.the **Upload Picture** option from the Account page

If you ever need to add this option back, simply go to the template and revert the
.changes
