

?How do I update my billing contact details

Ben Henley - 2023-08-10 - Comment (1) - Payment & Renewals

:Question

I want you to send my billing information and renewal notices for my account to a different email address. How can I change that

:Answer

A Billing Admin in your account will need to log in to the Billing Area of your trial and open the Billing Dashboard

When you scroll to the bottom of the page, you will see an area relating to Billing and Finance Contacts. From there, you can add a new Finance Contact to receive renewal notices for your account
