

DeskPRO Build #84 Released

Chris Padfield - Comment (1) - Release Announcements - 2012-08-02

.We are pleased to announce a new release of the DeskPRO helpdesk platform, build #84

:The following is an automatically generated list of changes in this release

- Get rid fo 'click to edit' input boxes, fix default selection
- Fix missing 'reply above line' marks, get rid of top tag, it wasnt actually used
- Fix error 934: rescanMessageTypes could be called on before it was actually defined

If you are using the cloud version of DeskPRO, your account will have already been updated
.or will be updated within the next 24-48 hours

If you are using DeskPRO download, you can update your installation from the admin
.interface
