

Deskpro Release 2023.0.2

James Godwin - Comment (1) - Release Announcements - 2023-07-17

We have released version 2023.0.2 of Deskpro. This post summarizes the .updates we have made to our legacy product

Improvements

For customers using DB Blobs we increased security by requiring inline `inline_blobs` to provide auth

Improved the `dangling-blobs` command to fix error and add more places `blobs` (where blobs are referred to (SC 50825

Improved handling of email templates, when upgrading from the legacy `email_templates` feature (SC 115479

For details of the previous Deskpro release, see Deskpro [2023.0.0](#)
