

## Extract Zip (gzip/tar) files and download specific files only (5.5

Lauren Cumming - Comment (1) - Product - 2017-03-13

When a ticket has a ZIP file attached to it, you can now click on the 'View files' drop down and only download the most relevant files that you need

The screenshot shows a ticket interface with a header containing tabs for 'PAGES', 'FULL LOG', and 'DATES & TIMES'. The main content area displays a message from John Doe (#7) with a 'Zip file attachments' section. A zip file named 'ticket-debug-5328.zip (65.29 KB)' is attached, with a 'view files' dropdown menu open. The dropdown menu lists the following files:

- ticket-debug-5328\_20170309095607\_11YM
- person.json (5.27 KB)
- ticket-layouts.json (11.13 KB)
- message-21770-source.eml (38.29 KB)
- ticket.json (12.73 KB)
- message-21770.log (124.87 KB)
- ticket-log.html (34.21 KB)
- filters.json (40.25 KB)
- ticket-log.json (22.32 KB)
- message-21770.json (15.97 KB)
- triggers.json (39.98 KB)
- ticket-context.json (45.16 KB)
- ticket-manager.2017-03-09.09-20-04.LNTD.log (216.60 KB)

Below the zip file attachment, there are two more messages: one from Haven Hermiston (#6) and one from Verona Hudson (#5).
