

Improved Documentation System

Ben Henley - Comment (1) - Product - 2015-03-06

We want to make sure that you can get the best out of DeskPRO, so we've improved the way we publish our manuals and other guides

.From now on, your new destination for DeskPRO documentation is manuals.deskpro.com

DeskPRO Manuals & Guides

The image displays four panels of DeskPRO documentation, each featuring a screenshot of the software interface and a corresponding manual/guide. The panels are:

- I'm an Agent:** Shows the agent interface with a 'Get the Agent Manual' button. Below the button, it says 'View Online' and 'Download PDF'. The text below the PDF link reads: 'Full details about how to use DeskPRO as an agent. Master DeskPRO's market-leading productivity features!'
- I'm an Admin:** Shows the admin interface with a 'Get the Admin Manual' button. Below the button, it says 'View Online' and 'Download PDF'. The text below the PDF link reads: 'Everything you need to know about setting up & administering a DeskPRO helpdesk.'
- I want to make Reports:** Shows a dashboard with a bar chart and a 'Reports' button.
- I'm a Developer:** Shows the DeskPRO API interface with a 'Developer' button.

You'll find greatly improved online versions of all the manuals. They're now fully searchable, and you'll find it easier to link to specific sections or bookmark them for future reference

.(And if you prefer PDFs, don't worry - you'll find PDF versions of the manuals there too)

Of course, we'll still be updating our [Knowledgebase](#) with useful articles that fall outside the .scope of the manuals, like FAQs, troubleshooting help, and configuration examples

Where did the Install Manual, Importer Manual and Update Manual go

.We've moved the content of those manuals into the Admin manual

?Where did the PDFs go

We used to host the old PDF manuals on the Download section of our portal. Now they'll be .available on manuals.deskpro.com

!!I've found a mistake, formatting error or something missing

.Email support@deskpro.com to report any problems
