It would be great to have an integration. to clickup.

We would like to be able to send select tickets to our clickup system

Thanks for the suggestion, Chris! We're pleased to share that Deskpro has released its ClickUp app

(<https://support.deskpro.com/en-US/news/posts/simplify-task-management-with-the-clickup-integration>). The app lets agents easily view, link, and interact with ClickUp Tasks from the Deskpro interface. You can read more about the ClickUp app on our website (<https://www.deskpro.com/apps/clickup>).
