On-Premise

You can generate your own Deskpro On-Premise invoice easily by visiting the [Buy License](#) link on our website. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

Cloud

Cloud invoices can be raised from the Billing area of your Cloud trial. You can access the Billing area through the \$ icon on the Navigation Bar, indicated below. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

The screenshot displays the Deskpro user interface. On the left, a vertical navigation bar contains several icons. The icon representing a dollar sign (\$) is highlighted with a red square, indicating the Billing section. The main content area is titled 'Buy Deskpro / Create Quote'. Below the title, a notification states: 'Billing will be applied on Jun 24, 2022 after your trial ends (in 11 days)'. The primary section is '1 Agent Seats', which prompts the user to 'Enter the number of agent seats you wish to purchase now.' A dropdown menu currently shows '10'. To the right of the dropdown is a horizontal slider with markers at 3, 10, 25, 50, 100, 250, 500, and 1000. Below this is an illustration of a group of people in a meeting. At the bottom of the main content area is a dark blue button with a right-pointing arrow and the text 'Continue'.
