On-Premise

You can generate your own Deskpro On-Premise invoice easily by visiting the [Buy License](#) link on our website. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

Cloud

Cloud invoices can be raised from the Billing area of your Cloud trial. You can access the Billing area through the \$ icon on the Navigation Bar, indicated below. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

The screenshot shows the 'Buy Deskpro / Create Quote' page in the Deskpro interface. On the left is a navigation sidebar with icons for Billing, Dashboard, Invoices, Payment Methods, and a highlighted \$ icon. The main content area has a header 'Buy Deskpro / Create Quote' and a notification banner: 'Billing will be applied on Jun 24, 2022 after your trial ends (in 11 days)'. Below the notification is a section titled '1 Agent Seats' with the instruction 'Enter the number of agent seats you wish to purchase now.' There is a dropdown menu showing '10' and a slider control with values 3, 10, 25, 50, 100, 250, 500, and 1000. At the bottom of the main content area is a 'Continue' button.
