

Option to disable CSP headers (5.5)

2017-03-13 - Lauren Cumming - Commentaire (1) - Product

Under **Admin > Server > Server Settings** there is now a checkbox to disable CSP headers. CSP is enabled by default.

The screenshot shows the Admin Dashboard with the following menu items on the left:

- Admin Dashboard
- Setup
- Agents
- Tickets
- CRM
- User Interface
- Chat
- Apps
- Tasks
- Server** (expanded)
- Server Settings (selected)
- ElasticSearch
- Report File
- Server Requirements

The main content area displays the **Server Settings** page, which includes the following sections:

- Cookie Settings**
 - Cookie Path: /
 - Cookie Domain: (empty field)
- Content Security Policy (CSP)**
 - Disable CSP headers
